Hello, everyone. Today I'm going to talk about learning English. I'm a member of the English club. In my club there are four boys and two girls. We practice speaking English with our English teacher, Mr. Brown every Wednesday. We play English games, read English books, and talk with Mr. Brown in English.

This year, we joined the English summer school. Many junior high school students came and stayed there for three days to study English together. There I became friends with Junko, a girl from another school. Her English was very good. When I visited her room at night, she was writing a letter in English to her friend in America. I thought writing a letter in English was a good way to learn English.

Now I have a friend in Australia and we send e-mails to each other. Someday I want to go there and meet her. (3秒)
